DENMARK

(you are welcome to copy the content into a Word document to create more space for your answers)

SolarDrive ApS prides itself on mutually profitable relationships with independent companies and business people who represent the company. This is the result of careful investigation by both you and SolarDrive of the suitability of an association. Answering this questionnaire will determine whether there is a basis for a mutually profitable relationship. We have many such suitable relationships around the globe. Please note that any false statements will be cause for terminating any relationship and agreements between you and SolarDrive ApS.
